

## GHIN Digital Profile

*As of January 2021, the GHIN Mobile App and [ghin.com](https://ghin.com) have been updated to require a digital profile to access those products. In order to create a digital profile, you will need to have a unique email address in your GHIN account within the USGA Admin Portal. This update will greater enhance the data security and privacy of our golfers by providing a more secure authentication method.*

*We encourage you to check out the resources below on [VSGA.org](https://VSGA.org) related to the launch of digital profile. If you need to add or update the email address associated with your GHIN number, please contact your club or the [VSGA](https://VSGA.org).*
